

# UI Design Quotation

Clinet : (Sanuja Ariyapperuma) for Travel Chanel

Based on the SRS we've identified nearly 13 screens to design and minor ui components as well for the respective screens.

The budget is as follows.

Reason	Budget (LKR)
Wireframe design for desktop	4,800
UI Design for desktop	19,200
Total	24,000

Here are the terms and conditions.

## 1. UI Design with wireframe

If you choose to move forward **with the wireframe**, it will come with **unrestricted revisions** at no additional cost, *with the exception of incorporating new features or adding pages*.

Charges for extra pages and features are open to negotiation.

Once the wireframe is approved, **you can make up to four free changes** to colors, fonts, font sizes, and assets per page in the UI design. *Keep in mind that structural changes are not included in these revisions.*

The process for incorporating new pages or making structural changes will align with the same procedure as the wireframe.

Summary :

- Wireframes have unlimited revisions. [free]
- UI design will have 4 revisions per page. [free]
- With the exception of incorporating new features or adding pages.
- UI revision includes colors, fonts, Font sizes, assets, ui style changes.
  - Extra revisions or modifications will incur additional charges.

## **2. UI Design without wireframe**

Opting to proceed without wireframes allows for one complimentary structural change and two free style changes.

The process for incorporating new pages or making structural changes will incur additional charges.

Summary :

- One structural change(s). [free]
- UI design will have 2 revisions per page. [free]
- With the exception of incorporating new features or adding pages.
- Ui revision includes colors, fonts, font sizes, assets, ui style changes.
  - Extra revisions or modifications will incur additional charges.
